PROFESSIONAL SUMMARY

Aspiring Software Engineer and Computer Science student specializing in Cloud Computing, Cloud-Native Engineering, and DevOps. Experienced in developing full-stack, mobile, and cloud applications with strong knowledge of Agile methodologies, REST API development, software development life cycle (SDLC), and scalable cloud-native solutions.

EDUCATION

Koneru Lakshmaiah Educational Foundation Bachelor of Technology in Computer Science Engineering GPA: 9.85 / 10	2024 – Present
Sri Chaitanya Junior College Intermediate (MPC) – Percentage: 93%	2022 – 2024
Chigurupati Sri Krishnaveni Talent School Secondary Education (CBSE) – Percentage: 94%	2021 – 2022

TECHNICAL SKILLS

Programming Languages: Java (OOPs), Python, C, Data Structures and Algorithms
Web Technologies: HTML5, CSS3, JavaScript, React.js, Bootstrap, Django
Databases & Tools: PostgreSQL, MongoDB, Git, GitHub, Power BI, VS Code, PyCharm
Professional Competencies: SDLC, REST APIs, Agile Methodologies, Problem Solving, Team Leadership

ACADEMIC PROJECTS

HopeDrop – Donation Management Platform (Team Lead) • Developed a full-stack donation platform with secure REST APIs and role-based access control.	<i>MERN Stack, REST API</i>
Global Handloom Connect – Handloom Marketplace (Team Lead) • Built an online marketplace connecting artisans with buyers through a scalable web platform.	<i>MERN Stack, REST API</i>
LCH Hub – University Club & Community Management Platform (Team Lead) • Developed a centralized platform for club management, events, memberships, and student engagement.	<i>MERN Stack, Cloud Computing</i>
AIArtCritic – AI-Powered Artwork Evaluation System (Team Lead) • Built an AI system that analyzes artwork and generates automated feedback using computer vision.	<i>Python, Machine Learning, Computer Vision</i>
Online Art Gallery – Web Application (Team Lead) • Developed a responsive web application for artwork management with secure user authentication.	<i>Django, PostgreSQL</i>

EXPERIENCE & VOLUNTEERING

Social Internship – Agricultural Study • Analyzed farming practices and irrigation systems, proposing technology-driven solutions for improved productivity.	<i>Poranki & Rural Areas</i>
Volunteer Education Outreach • Trained 40+ government school students in computer literacy, digital skills, and online safety.	<i>SwechaAP</i>

LEADERSHIP & ACHIEVEMENTS

- Joint Secretary, SAC Council; coordinated student activities and university-wide initiatives.
- President, Art Club (SAC); leading a creative community of 200+ members and organizing events.
- National Level Participant – Smart India Hackathon (SIH), Bharatiya Antariksh Hackathon, and Samsung Solve for Tomorrow.
- Won multiple medals and recognitions in national-level art competitions.

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- GitHub Copilot (GH-300)
- NPTEL Machine Learning
- Cambridge Linguaskill – Proficient
- Adobe India Hackathon
